# Prospects for Pyrolysis Oil for Advanced Biofuel in Shipping and Aviation

Hybrid Workshop (Online & In-person)  
Comet Stephanie, 20 Place Stephanie, Brussels, 1050

Are you interested in **advanced biofuels** for the **shipping and aviation** sectors? We bring the industry, technology providers, and sector associations together to discuss the status and prospects of pyrolysis oil as input for advanced biofuels production for the shipping and aviation sectors.

\*Please note that this is a side event of the **European Bioenergy Future (EBF) 2022 Conference**.

**Register for the EBF and the Pyrolysis Oil Workshop here:**
